Agenda

IMEX Small Animal Hybrid & Circular Workshop

Day one

8:00 – 8:30 Introduction, Course Objectives, History and Biology *(Lewis)*

8:30 – 9:00 Circular and Hybrid Components *(Tinga)*

9:00 – 9:15 Break

9:15 – 10:00 Biomechanics *(Fink)*

10:00 – 12:00 Lab I Components and Construct Applications *(Tinga)*

12:00 – 12:45 Lunch

12:45 – 1:45 Distal Limb Fracture Management using Hybrid Constructs *(Tinga)*

1:45 – 2:00 Break

2:00 – 2:45 Proximal Limb Fracture Management using Hybrid Constructs *(Lewis)*

2:45 – 3:00 Break

3:00 – 3:45 Lab IIa Stabilization of Tibial Fractures using Hybrid Constructs *(Tinga)*

3:45 – 4:30 Lab IIb Stabilization of Humeral Fractures using Hybrid Constructs *(Lewis)*

4:30 – 5:10 Small Group Discussion: Hybrid Fracture Management *(Fink)*

5:10 – 5:30 Wrap Up: Learning Points and Homework *(Fink)*

Day two

8:00 – 8:30 Homework Review *(Fink)*

8:30 – 9:30 Fracture Management using Circular Constructs *(Lewis)*

9:30 – 9:45 Break

9:45 – 11:15 Lab III Stabilization of a Tibial Fracture using Circular Construct *(Lewis)*

11:15 – 12:00 CT Planning and 3D Printed Models/Guides *(Fink)*

12:00 – 12:45 Lunch

12:45 – 1:15 Planning Angular Correction and Clinical Application of Hybrid Constructs *(Tinga)*

1:15 – 2:45 Lab IV Planning Angular Correction using a Hybrid Construct *(Tinga)*

2:45 – 3:00 Break

3:00 – 3:30 Antebrachial Length Discrepancies and Elbow Incongruity *(Fink)*

3:30 – 4:00 Small Group Discussion: Deformity Case

4:00 – 5:15 Lab V Correction of Radial Deformity using a Hybrid Construct *(Tinga)*

5:15 – 5:30 Wrap Up: Learning Points and Homework *(Tinga)*

Day three

8:00 – 8:30 Homework Review *(Tinga)*

8:30 – 9:15 Trans-articular Applications including Arthrodesis *(Fink)*

9:15 – 9:30 Break

9:30 – 10:15 Hinged Circular Constructs for Limb Deformity Correction *(Lewis)*

10:15 – 11:00 Acute Correction and Distraction using Circular Constructs *(Tinga)*

11:00 – 11:15 Break

11:15 – 11:45 Postoperative Management and Complications

11:30 – 12:00 Wrap Up: Learning Points and Take-Home Suggestions
