

KYON THR & Mini THR Wet Lab Case Evaluation (In-Person)

25 – 27 January 2027

Palazzo Trecchi

Via Sigismondo Trecchi, 20, 26100, Cremona, Italy

STRUCTURE & CONCEPT

Please read the below carefully to ensure your expectations are best aligned with the aims of the assessment

- The KYON THR & Mini THR Wet Lab Case Evaluation is structured as a self-paced learning assessment, ***it is not an instructed training workshop*** although you will be offered mentorship for your first case. Note that this case will then not count towards the assessment.
- It is expected that surgeons will plan and manage their time accordingly to ensure that they are able to successfully complete the submission of at least three cases during the days available.
- Three cases need to be approved in order to complete the assessment successfully.
- Your submissions will be graded by the assessors, and it is likely that you will need to submit and revise several cases before you achieve a passing grade.
- Depending on the individual pace, each surgeon will have **at least 3 opportunities** to complete and submit cases for assessment. It is not guaranteed that there will be more opportunities available, as there are a limited number of cases and time available.
- The staff, assessors, equipment, and operating theatre space will be available to you for the complete duration of the assessment.
- As part of the training and assessment, you will be required to take your own radiographs, as this is an essential part of the evaluation.
 - Ensure that you familiarize yourself with the required views, and it is advised that you practice before attending the assessment. The number of radiographs you will be allowed to take will be limited to ensure fair access to others. If you are unable to achieve the required views after 4-5 attempts, you will be asked to step aside to allow others an opportunity to complete their radiographs, hence the importance of familiarizing yourself with the expected views ***before starting the assessment***.
- It is recommended that you plan to complete a wet lab case, take radiographs, and receive feedback from an assessor before going on to perform the next case.
 - While each surgeon is reviewing their case with the assessment panel, the other surgeons can continue to work on their remaining cases, but only after they have had their previous case reviewed and received feedback.
- You will need to decide whether you want to continue working or take the breaks according to the schedule below. We will attempt to ensure that refreshments are available outside of the official scheduled break times, but the onus is on you to manage your time accordingly.

AGENDA

Subject to changes as and when required

Day 1: Monday, 25 January 2027

Start	End	Time	Description
09:00	09:15	00:15	Welcome, Introductions & agenda overview
09:15	10:30	01:30	THR wet LAB 1 : - Optional: mentored first hip available upon request - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
10:30	10:45	00:15	Break
10:45	11:45	01:00	THR wet LAB 1 , cont. cases, post-op + evaluation
11:45	13:00	01:15	THR wet LAB 2 : - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
13:00	14:00	01:00	Lunch
14:00	14:45	00:45	THR wet LAB 2 , cont. cases, post-op + evaluation
14:45	15:30	00:45	THR wet LAB 3 : - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
15:30	15:45	00:15	Break
15:45	17:00	01:15	THR wet LAB 3 , cont. cases, post-op + evaluation
19:30	21:30	02:00	Dinner (further details to be provided at the workshop)

Day 2: Tuesday, 26 January 2027

Start	End	Time	Description
09:00	10:30	01:30	THR wet LAB 4 : - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases §
10:30	10:45	00:15	Break
10:45	11:25	00:40	THR wet LAB 4 , cont. cases, post-op + evaluation
11:25	13:00	01:35	THR wet LAB 5 , case: - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
13:00	14:00	01:00	Lunch
14:00	14:35	00:35	THR wet LAB 5 , cont. cases, post-op + evaluation
14:35	15:35	01:00	THR wet LAB 6 , case: - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
15:35	15:50	00:15	Break
15:50	17:00	01:10	THR wet LAB 6 , cont. cases, post-op + evaluation

Day 3: Wednesday, 27 January 2027

Start	End	Time	Description
09:00	10:30	01:30	THR wet LAB 7 : - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
10:30	10:45	00:15	Break
10:45	11:15	00:30	THR wet LAB 7 , cont. cases, post-op + evaluation
11:15	13:00	01:45	THR wet LAB 8 , case: - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
13:00	14:00	01:00	Lunch
14:00	14:15	00:15	THR wet LAB 8 , cont. cases, post-op + evaluation
14:15	15:30	01:15	THR wet LAB 9 , case: - Lab THR procedure (self-paced wet lab practice and assessment) - Radiography & feedback for completed cases
15:30	15:45	00:15	Break
15:45	16:30	00:45	THR wet LAB 9 , cont. cases, post-op + evaluation

Assessors:

- Kris Camps
- Otto Lanz
